Enhancing Public Awareness and
Driving Sustainable Development

5-7 MAY 2025

**RIYADH INTERNATIONAL CONVENTION
& EXHIBITION CENTER**

Event Overview

The Saudi Sustainable Building Show (SSBS) emerged as a pivotal platform for driving sustainable transformation in the Kingdom. Under the esteemed patronage of the Vice Minister at the Ministry of Municipal, Rural Affairs and Housing, Ihab Hashani, the event brought together industry leaders, government officials, and sustainability experts to showcase groundbreaking innovations and foster collaboration. With a record-breaking attendance of professionals, the SSBS proved to be a catalyst for knowledge exchange and investment in green technologies.

Event Highlights

The SSBS featured a dynamic program of keynote speeches, panel discussions, and workshops. Honorable speakers shared their insights on the latest trends and challenges in sustainable building market.

Panel discussions explored critical topics such as:

* **Green Building Materials and Technologies:*** Explored innovative materials and technologies for sustainable construction.

* **Energy Efficiency and Renewable Energy:*** Discussed strategies for reducing energy consumption and increasing reliance on renewable sources.

* **Sustainable Urban Development:*** Focused on creating eco-friendly and resilient cities.

By offering a diverse range of programs, the SSBS catered to the interests of a wide audience and provided valuable insights into the latest trends in sustainable building.
